### Important Parent Information:

EVERY child registered in a After school Enrichment program, MUST purchase student Accidental Insurance. If the insurance form is not turned with payment by the first day of classes, the student may not participate in that Enrichment for that month. If a child is enrolled in After school care and has already purchased student Accidental Insurance; they will not need to purchase it again.

After school Enrichment Programs are subject to change, due to enrollment.

Enrichment forms can be found in our online "news room" at  
[www.academircharterschoolpreparatory.com](http://www.academircharterschoolpreparatory.com)

Enrichment payments should be turned in to our Drop Box in our school office by the monthly enrollment deadline.
